THE 84TH PEN INTERNATIONAL CONGRESS, PUNE 2018

EXPERIMENTS WITH TRUTH: FREEDOM, TRUTH, DIVERSITY
The 84th PEN International Congress ran alongside the year-long commemoration of the life of Mahatma Gandhi, whose celebrated autobiography ‘My Experiments with Truth’ was the theme of this year’s Congress, with events and panels focusing on the values of truth and non-violence.
Pune speaks a language that has a continued history of 1,500 years. Marathi, together with other Indian languages represents the very best in Indian thought and that thought is the foundation of Indian civilization. Through the history of this great civilization, diversity has always been celebrated and diversity is at the heart of democracy. PEN today celebrates diversity in the hope that freedom and truth will prevail. Gandhi, the greatest advocate of truth, is at the heart of this PEN Congress.
